

AirTrace 'S' Smoke System

AIRFLOW VISUALIZATION

The Air Trace is perfect for situations where a small amount of smoke is required for air tracing applications or in remote locations where no power is available. It is capable of producing a steady stream of smoke, if required, for up to 10 minutes on a full battery or up to 1 hour, with the optional mains adaptor and dummy battery.

An extension pipe 200mm x 15mm bore is included to allow precise placement of the smoke.

The unit is very simple to operate, and makes smoke on demand, with no warm up time. Supplied in its own robust carry case with 500ml of smoke chemical (250 minutes worth of smoke).

Output	100 cubic feet/minute
Power Consumption	75W
Tank Capacity	110cc
Battery (supplied)	12v DC/2.3Ah
Fluid Consumption	2 cc/min
Weight	2.7 kg
Dimensions	227mm x 66mm x 81mm

Kit comprises:

- AirTrace S smoke generator
- Battery 12vDC
- Recharger and lead
- Bottle of smoke fluid (500ml)
- Extension Tube

Optional Extras: Mains Adaptor, Radio Remote
